The audit carried out to confirm that your company's quality assurance system complies with AQAP-2210 requirements has been completed.

It is certified that your company's quality assurance system explained in Quality Manual MGSYEK-K1-001 Rev.N dated on 23 June 2021 and complies with AQAP-2210 requirements for production mentioned below.

“Design, Development, Production, Assembly, Installation, Platform Integration, Inspection, Functional and Environmental Testing, Overhaul and Repair of Microelectronic Systems, Electro-Optical Systems, Electro-Optic Counter Measure and Warfare Systems, Thermal Sighting&Integrated Electro-Optical Systems, Day/Night Vision Systems, Laser Systems, Sighting, Fire Control and Command Control Systems, Missile Seeker&Guidance Systems, Navigation Systems, Electronic Firing Simulators and Target Systems, Electrical Gun and Turret Drive Systems, Avionic Systems, Rotary&Fixed Wing Unmanned Aerial Systems and Subsystems/Equipment of all above mentioned Systems.”

This certificate is valid until 25 November 2024 by 17.00 o'clock.

Ministry of National Defence of the Republic of Turkey Quality Assurance Authority will continuously monitor and audit effectiveness and application of the quality assurance system.

This certificate may be subject to cancellation if changes and renewals to be made in the system defined in Quality manual presented to the Ministry of National Defence are not submitted to and approved by Ministry of National Defence previously or in the case that results of reviews are negative.
